

A thick dark grey vertical bar runs along the left edge of the page. In the lower-left quadrant, several thin, dark grey curved lines sweep upwards and to the right, creating an abstract, organic shape.

GLAZE PLUS

TECHNICAL DATA SHEET

BRIGHT CLEAN +

BRIGHT CLEAN +

DESCRIPTION

BRIGHT CLEAN + is a solvent-based, fast-drying wax formulated to polish and enhance the shade, color and brightness of natural stone surfaces. It can be easily applied to the surface, including edges and surface irregularities. The product provides water- and stain-resistant properties, making daily maintenance operations easier. **BRIGHT CLEAN +** does not yellow over time and is suitable for both indoor and outdoor applications.

2. KEY FEATURES & BENEFITS

- Easy application
- It provides water and stain resistant properties
- It enhances the shade and brightness of the material
- It won't yellow overtime
- Suitable for indoor and outdoor application.
- Suitable for GRANITE, QUARTZITE, SLATE, TERRACOTTA, CLINKER , CONCRETE TILES

BENEFITS

- Easy application
- Provides water- and stain-resistant properties
- Enhances the shade and brightness of the treated material
- Does not yellow over time
- Fast drying

• USES

- Suitable for indoor and outdoor applications.
- Suitable for GRANITE, QUARTZITE, SLATE, TERRACOTTA, CLINKER , CONCRETE TILES

COVERAGE

15–25 m²/L

APPLICATION EQUIPMENT

- Product application: Lambswool applicator, roller, cloth
- Product polishing: Hand polisher, single-disc machine

APPLICATION STEPS

Surface Preparation

- Thoroughly clean the surface, making sure to remove all dust and dirt.
- Do not apply BRIGHT CLEAN+ on wet or humid surfaces.
- In order to increase product penetration, the surface can be heated.
- Protect all areas not to be treated.

Application

Before applying the product, it is necessary to take a preliminary test on an unexposed area or unused piece of material to check the product's suitability.

- On a clean and dry surface, apply a thin and even layer of product using the preferred tool, making sure to cover the whole surface.
- After 5–10 minutes, once the layer of wax has dried, start to polish the product.
- The polishing of BRIGHT CLEAN + can be done manually if the surface is small using a white pad. If the surface is large, we recommend using a single-disc machine or a hand polisher with a white pad.
- Polish the product on the surface in circular motions until all residues are gone. In the end, the shine must look even throughout the surface.

Drying Time:

The product dries quickly within 5–10 minutes of application.

MAINTENANCE PRODUCT:

BRIGHT CLEAN + is a polishing and shine-enhancing maintenance solution for natural **marble**,

INSTRUCTIONS AND GUIDELINES

- Do not apply on wet or humid surfaces.
- Protect all areas not to be treated.
- When applying to recently laid or grouted surfaces, wait for the adhesive or grout to cure completely.
- Before applying the product to the whole surface, it is advisable to test a small, unexposed area or unused piece to check its suitability for use.

EQUIPMENT CLEANING

At the end of the application, the equipment used can be washed using white spirit.

TECHNICAL DATA

Formula: Liquid

Color: Clear

Odor: Solvent

Specific Gravity at 20°C: 1510 ± 10 g/L

SHELF LIFE

24 months in the original, sealed packaging, stored in a cool, dry place.

STORAGE

Keep the container tightly closed and store in a cool, dry place.

PACKAGING

1000 ml | 5000 ml
