

A thick dark grey vertical bar runs down the left side of the page. To its right, several thin, dark grey curved lines sweep upwards and to the right, creating an abstract, organic shape.

GLAZE PLUS

TECHNICAL DATA SHEET

POWER CLEAR +

POWER CLEAR+

DESCRIPTION

POWER CLEAR+ is a heavy-duty, powerful cleaner formulated to remove stubborn cement haze, cementitious grout, adhesive residues, efflorescence, hard-water deposits, mineral deposits and other construction-related residues from compatible tile surfaces. It is a highly effective water-dilutable cleaner that can be diluted with water according to the level of contamination before cleaning the surface.

Ideal for:

Post-construction and renovation cleaning
Removal of cement haze and grout residue
Adhesive and construction residue removal
Efflorescence and hard-water deposit removal
Interior and exterior tiled floors and walls

ADVANTAGES

- Concentrated, fast acting
- Can be diluted with water to the desired ratio
- Easy to use
- Effective against efflorescence and cement haze
- Effective in removing grout, adhesive and hard-water deposits

APPLICATIONS

Interior and exterior floors and walls, kitchens and bathrooms, high-traffic areas, post-construction and renovation cleaning, etc.

Apply the diluted solution to the affected surface according to the level of contamination.

SUITABLE SUBSTRATES

- Ceramic tiles and vitrified tiles. Not suitable for acid-sensitive surfaces.

SHELF LIFE

24 months if stored in a cool and dry area in an unopened original container.

Shelf life is calculated from the month of manufacturing of the product.

STORAGE AND HANDLING

Store in a cool and dry area in the unopened original container. High temperature or moisture may affect the product. Once the container is opened, use the product without keeping it for an extended period.

CAUTION

This product contains acid-based cleaning agents and other chemical additives. Avoid eye contact and prolonged contact with skin. Wash thoroughly after handling. If eye contact occurs, flush with clean water for 15 minutes and consult a physician. Do not breathe directly. Wear appropriate PPE whenever necessary. Do not use on acid-sensitive surfaces.

COVERAGE

Approximately 25 to 150 sq. ft. per litre. Coverage will vary depending on surface nature, depth and severity of stains, dilution and application method.

DILUTION RATIO

1. For Heavy Stains: Cement haze, debris, rust, hard-water deposits, etc. — use up to 1:5 dilution with water.
2. For Mild Stains: Use up to 1:10 dilution with water

PACKAGING

1000 ml | 5000 ml
